

Workshop on Data analysis for cluster RCT (Integration Project)

Monday 24th and Tuesday 25th of April

Bordeaux,
France

Day 1

9:30-10:00

Opening session- welcome & introductions

10:00-11:30 Theory session 1- Cluster randomised designs cRCT, stepped wedge, other

11:30 – 12:00 *Morning refreshment break*

12:00 – 13:30 Theory session 2 – Statistical models to account for clustering
GEE, mixed effects models

13:30 – 14:30 *Lunch*

14:30 – 17:00 Practical session 1 – Software, packages, tutorial, walk through
Demonstration

***Time is set in GMT +2. For virtual attendees in Mali and Burkina Faso please consider time difference**

Workshop on Data analysis for cluster RCT (Integration Project)

Monday 24th and Tuesday 25th of April
Bordeaux, France

Day 2

9:30-10:30 Re-cap and introduction to design scenarios w/small group discussion of analysis approaches to design scenarios
Intro to data plus discussion of approaches

10:30-11:30 Practical session – analysis of design scenarios (using simulated data)
Individual work exploring / analysing data using different approaches

11:30 – 12:00 *Morning refreshment break*

12:00 – 13:30 Practical session continues – analysis of design scenarios (using simulated data)
Individual work exploring / analysing data using different approaches

13:30 – 14:30 *Lunch*

14:30 – 17:00 Presentation of findings / results and discussion

***Time is set in GMT +2. For virtual attendees in Mali and Burkina Faso please consider time difference**
